

Henry Matthews

20 Greendale Ave, Worcester, MA 01606 | (845) 825-9893 | Hm110896@gmail.com

Key Skills

JavaScript, TypeScript, React, C#, .NET, Blazor, SQL, Git, Node.js, HTML5/CSS3

Professional Experience

Junior Software Developer

11/2023 - 4/2024

United Service Workers Union, IUJAT

New Rochelle, NY

- Developed user-friendly UI and API infrastructure for Blazor applications that allowed union employees to view and manage information about local union chapters and their 30,000 constituents
- Connected with the development team through weekly meetings to track progress toward deadlines and to ensure adherence to conventions and best practices
- Debugged and resolved software issues identified through testing and user feedback

Software Development Intern

05/2023 - 10/2023

United Service Workers Union, IUJAT

New Rochelle, NY

- Implemented new features and fixed bugs in the codebase of existing products
- Met with end users to better understand and integrate their suggestions and concerns into future designs

Clinical Research Coordinator

03/2021 - 10/2021

Adams Clinical

Watertown, MA

- Coordinated double-blind studies to determine the efficacy of experimental medications
- Scheduled and facilitated participant visits to ensure that participants adhered to study guidelines
- Conducted phone interviews with prospective participants to learn about their needs and discuss the possibility of study participation

Pharmacy Technician

08/2020 - 03/2021

Community Pharmacy

Boston, MA

- Assisted pharmacist in filling prescriptions to facilitate the accurate and efficient dispensing of medications
- Interfaced with customers, answering basic questions about prescriptions and connecting them with pharmacists for in depth information

Project Manager

01/2020 - 05/2020

Ignite Mental Health

Allston, MA

- Developed survey materials for data collection pertaining to the mental health resources offered at more than 100 universities across America
- Conducted phone screens and interviews with prospective interns to ensure that positions were filled with qualified applicants
